

# 215GT Sticky Little Fox

Professional  
GLUEBOARD  
ILT

**The Gilbert® Sticky Little Fox™ can be wall-mounted or mounted under-counter. It features stainless steel construction (guard door included), easy maintenance; and silent-capture at a low, stunless price. Now, with two glueboard trays.**

**Insect Attractant:** Two standard Osram Sylvania F15T8/350BL (15 watt) lamps contain 350BL phosphor.

**Installation:** Wall-mount with keyhole slots or mount under-counter with screws. Generally speaking, low positioning yields best results for any flytrap against flies.

**Electrical:** Six foot, 3-wire grounded power cord. Standard 115v/60hz.

**Maintenance:** Stainless steel guard swings up for easy access to lamps and glueboard(s) for periodic cleaning / replacement. Two glueboard trays are now standard.

**Change glueboard(s) regularly, at least as often as local codes require. Change lamps annually.**

**Construction Features:** Stainless steel (Including guard door). Thin 3-5/8" wall-hugging profile.

**FIVE YEAR WARRANTY:** (Excluding lamps and glueboards).

**The Sticky Little Fox™ will hold one XL and two standard boards: 280 sq. inches of sticky trapping area!**

NEW  
Gilbert® 215GT  
Sticky Little Fox™  
accepts both the newXL  
and /or classic glueboards

**XL Glueboard inserts into clip in back of new 215GT trap.**

XL glueboards are perforated for tearing into two standard size boards. Standard size boards (new or classic), slip into the removable trays and /or the clip.

**Dimensions:** 21 5/8" x 11 3/8" x 3 5/8"  
**Weight:** 12 lbs., **Ship Wt:** 13 lbs.
