

Gilbert®

# 220 Guerrilla™

Professional  
ELECTROCUTTING  
FLYTRAP

## *Special Forces Versatility*

**Portable**

**Wall Mounted**

**Ceiling Hung**

**Light weight, convenient carrying handle, and multi-purpose design make the Guerrilla™ ideal for strategic surveillance maneuvers or surgical flywar.**

It's not as powerful as our larger units; but the open top design (and mar-proof feet), allow placement down low, on the floor, significantly increasing its' effectiveness against flies. It can be wall-mounted about waist high (retaining effectiveness while making it easier to service) or ceiling hung, if need be. *For glueboard version of this trap see page 17 or 18.*

Features two Gilbert® F20T12BL350 (20 watt) insect attractant lamps (Replace annually for continued performance).

Standard version beautifully finished in anodized aluminum. Guard door (double nickel-chromed) swings up for easy access to grid, reflective surfaces, and lamps for periodic cleaning and lamp replacement. **For Stainless Steel version, order# 220SS.**

Spring-locked catch tray is secure; yet, easily removed for emptying.

Eyebolts included for ceiling hung installation. Six foot, 3-wire grounded power cord. Standard 115v/60hz. Interlock switch automatically shuts off trap when guard door is opened.

**ONE YEAR WARRANTY (Excluding lamps only)!**
