Decades!***

Excellent effectiveness. The Don™ features versatile corner or flat wall-mounting and a wide angle of attraction. Mount low, top of trap below 5 ft. (See *Strategic Installation*, pg. 4).

Features two Gilbert® F40T12BL350 (40 watt) Insect attractant lamps (Replace annually for continued performance).

Made of aluminized steel (superior, lifetime auto muffler material) including frame and interior structure. Nickel-chromed guard door swings open for easy access to catch tray, grid, reflective surfaces, and lamps for periodic cleaning and lamp replacement.

Catch tray is secure; yet, easily removed for emptying.

Keyholes on back for corner or wall-mount installation (see illustration, pg. 5).

Six foot, 3-wire grounded power cord. Standard 115v/60hz.

Interlock switch automatically shuts off trap when guard door is opened.

ONE YEAR WARRANTY (Excluding lamps only)!
